CLASS PROFILE 2020

Executive Master in Finance

The Business School
for the World®

INSEAD Executive Master in Finance (EMFin)

For more than half a century, INSEAD has been developing ambitious leaders with a unique worldview and a strong entrepreneurial spirit. Our world-class faculty, close links to the international business community and participative teaching style are just some of the reasons for our outstanding reputation. INSEAD's Executive Master in Finance (EMFin) combines these characteristics with a tailored programme that will hone your leadership and management skills as well as deepen your knowledge of the sector. Primarily taught in the Asia campus, the programme is strategically located in Singapore, a global and regional financial hub with a progressive and ever-expanding financial market.

Muhammad Fauzi ABDUL AZIZ

Nationality: Singaporean
Country of work: Singapore
Current Designation: Specialist, Market Risk
Current Organisation: Rio Tinto Group

In his current role, Muhammad provides market risk analytics to Rio Tinto's commercial and market-facing activities. He is actively involved in projects to facilitate the development of the company's Commercial Hub and Global Treasury Centre in Singapore. He has previously worked in Ulaanbaatar and Singapore.

At the EMFin programme, Muhammad's main objectives are to achieve personal and professional betterment and to create a global network. He also wishes to gain an understanding and appreciation of finance outside of his current organisation.

Kashif AHMED

Nationality: Australian
Country of work: Australia
Current Designation: Senior Treasury Trader
Current Organisation: Western Union Business Solutions

Kashif holds a master's degree in Applied Finance from Macquarie University and is a Bachelor of Commerce from the University of Wollongong. He has knowledge of the corporate treasury environment for both public and private companies, and has also worked in derivatives valuation, cash management, bank accounts, and compliance and implementation of treasury systems.

His expertise lies in the areas of financial market risk, foreign exchange trading and optimising revenue, corporate treasury, cash management, and change management.

Through the EMFin programme, Kashif's objective is to rebuild his fundamentals of finance, develop relationships with fellow professionals, and enhance his leadership and strategic skills. Afterwards, he aims to transition into a leadership treasury role in either Asia or Europe.

Shuhe AOKI

Nationality: Japanese
Country of work: Japan
Current Designation: Manager
Current Organisation: Amidas Partners Hong Kong Limited

Shuhe holds over 12 years' experience in investment banking across Asia at a leading mergers and acquisitions (M&A) advisory firm as well as in structured finance at a global bank. In his recent role, he achieved a cross-border M&A of an Asian multi-country corporate group headquartered in Singapore for a listed company.

His expertise lies in M&A investment advisory and execution, corporate financial analysis, valuation, and structuring, strategic financial consulting and resolution, and structured finance evaluation and management.

At the EMFin programme, Shuhe aims to gain more knowledge of corporate finance, strengthen the skills applicable for practical projects in his work, and to network with the diverse professionals.

Mert BAHCECIK

Nationality: Turkish

Country of work: Turkey

Current Designation: Investment Banking Vice President

Current Organisation: ICBC

In his current role, Mert focuses on mergers and acquisitions (M&A), bond issuances and syndicated loans in Turkey and 12 other countries in EEMEA region. In addition to his day-to-day M&A deal origination and execution, he also engages in providing wholesale funding to leading financial institutions, and has played key roles in iconic deals such as the Turkish Treasury's inaugural Panda Bond issuance.

He holds a bachelor's degree in Business Administration & Management from Berkeley College in New York. Prior to joining ICBC, he was a member of Deloitte's M&A team in Istanbul, where he contributed several significant M&A projects across diverse industries.

At the EMFin programme, Mert wishes to build on his exposure to foreign direct investments and cross-border M&A advisory, and become a trusted partner to strategic investors such as private equity funds active in emerging markets. He would also like to expand his global network by forging lasting relationships with his classmates.

Gautam BANIK

Nationality: Indian

Country of work: Singapore

Current Designation: Vice President, Global Technology (Corporate and Investment Banking)

Current Organisation: Deutsche Bank

A technology leader with 15 years' experience in the field, Gautam specialises in executing large-scale strategic IT programmes by leading, managing, and conceptualising them in the corporate and investment banking space.

He holds a master's degree in Mathematics and Computing from the Indian Institute of Technology, Guwahati, India, and is experienced in managing large-scale technology transformation projects, strategic business solution, software development, client-server based applications design and development, product management, and IT Security.

While at the EMFin programme, Gautam aims to understand the imminent needs of his business in today's rapid digital disruption so that he can leverage on his knowledge of finance to stay relevant and achieve his long-term strategic vision.

Aaditya BHASIN (AADI)

Nationality: Indian

Country of work: Singapore

Current Designation: APAC Project Services Manager

Current Organisation: Credit Suisse AG

A seasoned financial services professional, Aadi holds over seven years' experience spread across EMEA (Ireland) and APAC (Singapore, Hong Kong) in capital markets, wealth management and private banking domains.

His expertise lies in the areas of global project and programme management, change management, process improvement, front-to-back business, data analysis and current state gap assessments, legal entity restructuring, booking model optimisation, and Agile (Scrum, Kanban)/Waterfall methodologies.

At the EMFin programme, Aadi is keen to leverage on his newly acquired finance knowledge and put it in practice by continuing to work as a banking professional or as a management consultant within the financial services sector.

Leslie CHAN

Nationality: Canadian
Country of work: Singapore
Current Designation: Vice President
Current Organisation: Credit Suisse

In his current role, Leslie leads the project teams for Credit Suisse APAC, and previously, has served as a consultant with both McKinsey and Accenture. He has gained extensive experience working in both developed markets such as Canada, the US, Hong Kong, Singapore, as well as emerging markets such as China and Vietnam.

His expertise lies in the area of investing, which he also counts as one of his passions, along with travelling and competitive sports.

Leslie's main objectives for attending the EMFin programme are to primarily learn new things both personally and professionally, become a better investor, and to make new friends among the global community at INSEAD.

Jonathan CHUA

Nationality: Singaporean
Country of work: Singapore
Current Designation: Trader
Current Organisation: Maybank

In his current role, Jonathan is responsible for G10 and SGD FX Forwards Trading, quoting short-end SGS Bonds, and trading in FX Spot, Asian NDFs, and US Treasury Futures for Maybank. His main expertise lies in the areas of swaps and forwards.

By attending the EMFin programme, Jonathan aims not only to improve his theoretical knowledge, but also to gain a better understanding of the financial industry as a whole.

Evan CLARK

Nationality: Canadian
Country of work: Canada
Current Designation: Portfolio Manager
Current Organisation: Private Investment Fund

Evan currently manages an investment portfolio focused primarily on identifying attractive small and medium-size publicly listed companies in Canada and the US. He previously worked for Gluskin Sheff + Associates, a leading investment manager based in Toronto, Canada as a research analyst covering several sectors. Prior thereto, he worked for OMERS Private Equity where he analyzed and executed on private equity investments in North America and Western Europe.

During the EMFin programme, Evan would like to enhance his capabilities in risk management, expand his knowledge beyond equities, and further develop his overall finance skill set. He intends to use his learnings and experience directly in day-to-day work to facilitate better analysis and decision-making.

Janis CURTIUS

Nationality: German

Country of work: Germany

Current Designation: Associate Structured Finance Technology, Media & Telecommunication

Current Organisation: ING N.V.

In his current role, Janis is responsible for several transaction work streams such as building financial models, conducting credit analyses, introducing transactions to the Board of Directors, as well as preparing and presenting pitches to position for mandates.

The majority of his expertise lies in assessment of individual financial situations and development of tailored debt solutions, advising clients and leading debt raising processes, and financial modelling and credit analyses of sub-investment grade credits.

Apart from becoming a well-rounded financial expert, Janis wishes to interact and network with ambitious future financial leaders from around the world during his time at the EMFin programme.

Jakub DUBANIEWICZ

Nationality: Polish/British

Country of work: United Kingdom

Current Designation: Investment Analyst

Current Organisation: Daiwa Asset Management Europe Ltd

Born in Poland, Jakub has been living in London since 2009, and has previously worked in the tech industry. He completed graduate programmes at Samsung's HQ in Korea, and then at Sony Europe. In 2011, he switched over to the finance sector and currently serves as a buy-side analyst covering the European TMT (Technology, Media and Telecommunications) sector.

The main areas of his professional expertise are the technology and telecoms industries, as well as equity research. He is also a CFA charter holder.

At the EMFin programme, Jakub looks forward to learning from bright people and strengthening his professional network. He also hopes to gain better insight into technology investment to be able to step up in his career.

Timothy HAY

Nationality: British

Country of work: Singapore

Current Designation: CEO (Asia)

Current Organisation: Somerset Capital Management

As the Asia CEO, Timothy's main responsibilities and expertise include managing a team of analysts that cover Asian Emerging and Frontier Market equities. Timothy also has to coordinate the compliance and overall management of Somerset Capital Management's operations in Singapore so that they seamlessly function in harmony with the London Headquarters.

While at the EMFin programme, he wishes to formalise his education as well as meet some like-minded inquisitive finance professionals from all over the world. Having started his career in 2002 at Lloyd George Management before leaving with a team to help launch Somerset Capital Management in 2007, he had been looking for a course that allowed him to learn different view points on equity valuations as well as give him a greater grounding and foundation in general management as he progresses into new roles.

Xiaobing HU

Nationality: Chinese
Country of work: Singapore
Current Designation: Senior Finance Manager
Current Organisation: PSA Corporation Ltd

In her current role, Xiaobing is responsible for return analysis of capital investment projects, structuring and negotiation of joint venture deals, customer contract structuring and pricing, as well as management and financial reporting.

She has 13 years of work experience in Singapore, where she dealt with diverse international customers and partners. Her professional expertise lies in company valuation, corporate finance, and accounting.

At the EMFin programme, Xiaobing aims to broaden her scope in finance, learn more about real-life application of theories, and to get to know people from various parts of the finance industry.

Alok JAIN

Nationality: Dutch
Country of work: Netherlands
Current Designation: Segment Head, Banking & Insurance
Current Organisation: Tata Consultancy Services

In his current role, Alok's responsibilities include post-merger integration, profit and loss improvement, and managing and growing business with banks in France. His previous international experience has been in a combination of matured and emerging regions like France, the Netherlands, South Africa, and India.

His professional expertise lies in the areas of business finance and front office roles with banking clients. His current role has given him an additional perspective across organisational functions as well.

Alok believes that the EMFin programme will provide an exciting academic platform for him and allow him to network with fellow classmates.

Muhammad Amir JAWAD

Nationality: Pakistani
Country of work: United Arab Emirates
Current Designation: General Manager, Finance Operations
Current Organisation: NOMAC [First National Operation & Maintenance Co. Ltd]

In his current role, Muhammad looks after the finance operations for the international division of NOMAC, which is spread over six countries in three continents. Due to his work, he has travelled to Saudi Arabia, the UAE, Oman, South Africa, Turkey, and Morocco.

His professional expertise lies in creating strategies and plans for continuous improvement and value addition, setting up financial systems, policies, and procedures, as well as people management, budget and control, and business performance reviews.

At the EMFin programme, Muhammad aims to improve his skills in advanced finance including applied performance management, capital markets, corporate finance, restructuring, IPO and market efficiency.

Ada KOH

Nationality: Singaporean
Country of work: Singapore
Current Designation: AVP, Trade Finance Product
Current Organisation: OCBC Bank

Ada is a result-oriented finance professional with over seven years of experience at banking and financial institutions in Singapore, specifically in the areas of Private Banking and Corporate Banking.

She was previously selected for the Early Development Program (EDP) and the Management Associate Program at Mondelez International and OCBC Bank respectively.

Her professional expertise includes investment research and advisory, financial planning and analysis, and product and project management. Ada's aim is to leverage her EMFin degree to complement her MBA and enhance her technical knowledge in investment and corporate finance. She also hopes to learn mutually from and network with professionals from different backgrounds.

Marcelo LAPA

Nationality: Brazilian
Country of work: Brazil
Current Designation: Chief Financial Officer
Current Organisation: Bemisa – Brasil Exploração Mineral S.A.

Marcelo is a senior finance executive with 10 years' experience in the private equity and mining industries. As an investment analyst, he has had an active involvement in all aspects of the deal cycle from analysing and valuing potential targets, to structuring and executing deals.

Fluent in Portuguese and English, his core competences include private equity investing, capital budgeting, capital raising/funding, team management, and investor relations.

At the EMFin programme, Marcelo aims to network with like-minded professionals, learn from their experiences in varied corporate and geographic cultures. Thereafter, he wishes to transition into a finance-leadership role within a global organisation.

Andrea LEONG

Nationality: Singaporean
Country of work: Singapore
Current Designation: Director, Portfolio Manager
Current Organisation: Blacktip Partners Pte Ltd

With over 20 years of experience in equity research and portfolio management, Andrea has analysed companies across geographies and industries with proven track record in generating above-market returns.

In her current role in a single family office, she is responsible for developing investment strategies across asset classes, managing a portfolio of global equities, and providing advice on the firm's private equity investments.

At the EMFin programme, Andrea aims to enhance her knowledge of investments beyond equities, as well as expand her network of financial professionals.

Kah Hwee LIM

Nationality: Singaporean
Country of work: Singapore
Current Designation: Credit Risk Analyst
Current Organisation: OCBC Bank

Kah Hwee holds a Bachelor of Science in Statistics from National University of Singapore and is a certified Financial Risk Manager (FRM). In his current role, he develops, implements, and maintains credit risk models for various retail portfolios within the bank. These models are used for underwriting, capital allocation and accounting provision.

By attending the EMFin programme, Kah Hwee aims to build a solid foundation in corporate finance, corporate credit risk, and market risk. He also wishes to learn to be a better leader and manager in the financial industry.

Trang LUU

Nationality: Vietnamese
Country of work: Singapore
Current Designation: Retail Controller
Current Organisation: The Swatch Group S.E.A (S) Pte Ltd

In her current role, Trang is responsible for financial and operational control procedures, as well as the audit and compliance for retail businesses in Singapore under The Swatch Group, one of the biggest players in the worldwide watch industry.

Her professional expertise spans topics like controlling, accounting and auditing in luxury retail.

At the EMFin programme, Trang wishes to network with and learn from professionals from other segments of the finance industry, gain up-to-date finance knowledge, and share meaningful discussions, perspectives and business opportunities with her peers.

Teppei MIYAZAKI

Nationality: Japanese
Country of work: Japan
Current Designation: Vice President
Current Organisation: Sumitomo Mitsui Banking Corporation

An accomplished finance professional with 12 years of experience at one of the largest Japanese banks in Tokyo and New York, Teppei is experienced in financial analysis and previously, worked as a credit officer for US automakers, subsidiaries of Asian conglomerates, US leveraged buyout finance transactions, and Latin American companies.

Currently based in Tokyo and in charge of credit planning for the international banking unit, his professional expertise includes financial analysis, corporate finance, and credit portfolio management.

At the EMFin programme, Teppei's aim is to refresh his knowledge and skills around finance and risk management, while also developing a network of like-minded professionals so he can achieve his goal of becoming an experienced banker.

Nikhil NANDWANI

Nationality: Indian
Country of work: India
Current Designation: Senior Research Specialist
Current Organisation: Fidelity International

Nikhil obtained his Master in Business Economics, specialising in Econometrics from the University of Delhi, India. He has 11 years of experience in end-to-end investment processes including origination, valuation, due diligence, and transaction execution.

He has been associated with Fidelity International for past 7 years and his expertise lies in topics such as financial modelling and due diligence, valuation and sensitivity analyses, and industry and market intelligence.

Nikhil aims to leverage his EMFin experience to further enhance his existing skills, experience and knowledge and catapulting them into a highly established future career in finance.

Daniel NARATH

Nationality: Swiss
Country of work: Switzerland
Current Designation: Vice President
Current Organisation: Credit Suisse AG

In his current role, Daniel serves as the key account manager for UHNW (Ultra-High Net Worth Individual) APAC wealth management clients, and provides clients with a comprehensive suite of tailor-made financial solutions and investment products.

His professional expertise includes topics like private banking, wealth management, and equity investments.

By attending the EMFin programme, Daniel hopes to achieve not just career growth, but also to gain in-depth knowledge in finance and a strategic perspective on the industry, to develop his leadership skills, and to build a global network within the industry.

Ankita NEEMA

Nationality: Indian
Country of work: Singapore
Current Designation: Vice President
Current Organisation: Sumitomo Mitsui Banking Corporation

In her current role, Ankita covers financial institutions (FIs) and sovereign entities based in South Asia, as well as a few Non-Banking FIs based in Singapore. She is responsible for increasing product penetration within these institutional clients, with an aim to improve profitability and hence the risk-adjusted return from the portfolio.

Having worked in Mumbai, Singapore, and Tokyo with institutional clients based in Asia and Africa, her expertise lies in emerging markets, trade finance product, debt financing, and risk mitigation.

Through the EMFin programme, Ankita aims to broaden her overall perspective of the financial industry, and afterward, to navigate her career into project financing/ developmental financing.

Mark Anthony PEDROSO

Nationality: Filipino
Country of work: Qatar
Current Designation: Senior Associate
Current Organisation: KPMG

In his current role at the Deal Advisory department of KPMG in Qatar, Mark provides transaction services, corporate finance, and other financial advisory services to clients on their business development, mergers and acquisitions, and other investment opportunities.

His industry experience includes banking and financial services, retail and consumer markets, manufacturing, real estate, energy and the utilities sector. He has completed projects in both Southeast Asia and Middle East markets.

At the EMFin programme, Mark aims to enhance his overall knowledge, develop a more specialised skill set in finance, and build a global network from among his peers and the INSEAD community.

Stephen RIGASSIO

Nationality: Canadian
Country of work: Canada
Current Designation: Senior Director, Corporate Strategy & Business Development
Current Organisation: McKesson

Stephen is a seasoned business professional with experience at leading Canadian and Fortune 500 companies. He has a proven track record for developing successful growth strategies and turning around businesses with declining revenue or profitability. He previously helped a leading Canadian transportation company grow its bottom-line courier earnings 120% over a three-year horizon.

His main proficiencies include developing corporate and business strategies, valuation and M&A, organisational restructuring, operational due diligence, and managing small and large cross-functional teams. Stephen's aim is to leverage his master of finance experience to enhance his knowledge on concepts of business valuation and corporate restructuring, and thus transition into a more private equity-focused role.

Berry SCHRIJEN

Nationality: Dutch
Country of work: China
Current Designation: Group CFO
Current Organisation: Prochin Group

In his role as CFO, Berry oversees the finance, HR, and IT departments of the Group, is a member of the management board, and is responsible for liaising with banks, the government, and the tax office among a plethora of other areas that he oversees. He holds a Certified Management Accountant degree from IMA and a Master of Science in Accounting & Finance from Maastricht University.

He has had extensive experience in China, and his professional expertise lies in Chinese GAAP (Generally accepted accounting principle) procedures, labour/contract law, taxation, data analytics, management and financial accounting, and consolidation.

Through the EMFin programme, Berry aims to gain a better understanding of the value of a company from an investor perspective, how markets impact the valuation of a company and vice versa, and to be intellectually challenged by like-minded people with different perspectives on business.

Thomas ("Brent") STEPHENS

Nationality: American

Country of work: Australia

Current Designation: Head of Liquidity Solutions

Current Organisation: Westpac Institutional Bank

In his current role, Brent is the product executive and owner of end-to-end product management for a liquidity solutions product suite with an annual revenue management of \$425 million. He oversees product development and commercialisation, operating model designs, and legal, tax, compliance, and operating risk.

He has previously worked at J.P. Morgan in global liquidity and account structuring advisory, and his expertise lies in global cash and liquidity management, working capital optimisation, treasury transformation and centralisation, and treasury management.

At the EMFin programme, Brent aims to broaden his knowledge of finance and hone his skill set outside of transaction banking and treasury management to broader corporate finance and capital markets subjects.

Alina SULIUKMANOVA

Nationality: Russian

Country of work: Russia

Current Designation: Head of finance department

Current Organisation: BCS Financial Group

Alina started her career in 2011 at KPMG as an auditor of companies operating in the finance sector. After gaining experience as an auditor and financial analyst at Russia's top financial companies, Alina joined her current employer in 2016.

Her professional expertise covers diverse areas such as profit and loss planning, budgeting, financial modeling, developing and implementing finance strategies, as well as financial analysis.

At the EMFin programme, Alina aims to gain an up-to-date view of the industry, and a deeper, conceptual, and practical understanding of financial products and services.

Jie Liang THUM

Nationality: Singaporean

Country of work: Singapore

Current Designation: Portfolio Manager

Current Organisation: Monetary Authority of Singapore

As a portfolio manager in the Reserve Management Department of the Monetary Authority of Singapore, Jie Liang's current responsibilities include strategic asset allocation, benchmark construction, and forecasting long horizon asset returns. Over his career, he has gained experience in portfolio management, macroeconomics, forecasting, financial regulation, and global banking.

In 2016, he spent a year in Tokyo on secondment to the Financial Stability Department in Bank of Japan, where he worked on characterizing the financial cycle and measuring systemic risk.

At the EMFin programme, Jie Liang's aim is to broaden his knowledge of finance and global banking, to be effective in grappling with the varied challenges posed by global economic and financial developments.

Nikhil VASWANI

Nationality: Indian
Country of work: Singapore
Current Designation: Executive Director
Current Organisation: J.P. Morgan Chase Bank, N.A.

As a Senior Banker at J.P. Morgan's Corporate Bank, Nikhil is responsible for driving relationships with some of the large local corporates headquartered in Singapore. He has been focusing on building a client portfolio with sustainable revenues and returns for the bank, supporting these corporates across various products and geographies.

His professional expertise lies in client management and negotiations, transaction structuring on complex trade as well as leveraged finance deals, and credit analysis, particularly on high-yield companies and commodity traders.

At the EMFin programme, Nikhil aims to tap into the extensive network and experience of his professors, alumni, and classmates, as well as to refresh and update his technical skills in finance and delve deeper into areas such as asset management and private equity.

Mengfei WANG

Nationality: Singaporean
Country of work: Singapore
Current Designation: Associate Director
Current Organisation: ABN AMRO Bank N.V.

Mengfei is a structured finance specialist with focus on medium to long-term structured commodity finance as well as export and project finance. She is currently responsible for ABN AMRO's structured commodity finance business across APAC with extensive deal experience in China, Australia, and India. She is also in charge of the bank's Chinese ECA desk to serve its global clients mainly in the energy and transportation sectors.

The majority of her professional expertise lies in the area of structured loans/finance of the banking industry. At the EMFin programme, Mengfei hopes to leverage INSEAD's academic strength and strong network to grow intellectually, to enhance her industrial knowledge and leadership skills, as well as to broaden her career path in the financial industry.

Stephan WIRAATMADJA

Nationality: Indonesian
Country of work: Indonesia
Current Designation: Investment Banking Associate
Current Organisation: Synergy Capital Asia

A corporate finance advisor and investment banker with 5 years of experience in finance or financial related jobs. Stephan has extensive experience in accounting, tax, and financial with sector expertise in real estate, manufacturing, consumer goods, and trading.

His professional expertise lies in company valuation, annual budgeting and business plan formulation, strategic marketing, business expansion and market entry assessment, and accounting and tax related works, both procedural and disputes.

Through the programme, Stephan aims to refresh his knowledge of and learn more about international finance, to improve his leadership and thinking skills, and to gain relevant insights into the capital market.

Jade WONG

Nationality: Singaporean

Country of work: Singapore

Current Designation: Consultant

Current Organisation: The World Bank

As a consultant at The World Bank's Global Infrastructure Facility (GIF), Jade initiates partnerships among governments, multilateral development banks, private sector investors, and financiers to collaborate on preparing, structuring, and implementing complex infrastructure projects. Previously, she was working with the

Infrastructure Team of the International Finance Corporation, the private sector arm of the World Bank Group. There, she was responsible for making investments and performing portfolio management of privately-owned infrastructure companies in developing countries in the Asia Pacific.

Having worked on projects in Bangladesh, China, Myanmar, and Vietnam, her professional expertise includes areas like infrastructure, renewable energy, and impact investing.

At the EMFin programme, Jade is looking to consolidate her working experience, expanding her network and horizons, and taking the opportunity to think outside of the box.
